

Kiln Fused Glass Earrings

\$12.50

Item URL: http://www.inscapesgallery.com/ardieandrew443_1.php

These earrings are made from kiln formed fused glass. Selected pieces of colorful art glass are cut to shape, layered, and then fused together at a temperature of approximately 1500 degrees. Ardies work attempts to use the interplay of light on the bright colors and the glossy shine of the kiln formed glass to produce work that is light and playful. the logo in the image is approximately 1 3/8" long for size comparison.
